

# RADANA HC 42

Highly concentrated universal basic cleaner

## Fields of application

- For water-resistant, alkaline-sensitive floor coverings, such as linoleum, rubber, and limestone
- Also suitable for use on PVC, natural and artificial stone, brick, and earthenware slabs

## Product advantages/properties

- For universal use
- High level of film-removing action
- Material-friendly due to weak alkaline formula
- Value for money due to low and easy dosage
- Foam-inhibited, therefore also suitable for use in cleaning machines
- Very good wetting properties and low slip hazard
- Pleasant fragrance

## HC - high concentrates are economical due to:

- Extremely economical dosage
- They reduce stock volume
- They reduce transport costs
- They conserve resources

## FLOOR CLEANER

Basic cleaner

# RADANA HC 42

Highly concentrated universal basic cleaner

### Application and dosage

1 l / 10 l water

Spread solution evenly over the floor and allow approx. 10-15 min. contact time. Do not allow to dry.

Then carry out basic cleaning with a single-disk machine or scrubbing dryer fitted with an appropriate pad.

Remove dirt solution with a wet vacuum cleaner. Then rinse the floor thoroughly with plenty of clean water.

### Note

Always use cold water.

Not suitable for asphalt or bitumen floorings.

Test the covering before application for material compatibility and colour-fastness.

Turn off any underfloor heating before performing basic cleaning.

When using with machines, the tanks should be regularly cleaned and washed.

### Complementary products
