

Buzil® Laundry Chlorin L 833

Liquid bleaching agents based on active chlorine

Area of application

- For the commercial sector
- Suitable for decolourising and bleaching chlorine-resistant textiles, e.g. table linen, work coats, kitchen linen, etc.
- Not suitable for wool, silk and polyamide

Product properties

- Excellent bleaching effect for brilliant white laundry
- Can be optimally combined with the BUZIL® LAUNDRY products
- Powerful removal of stubborn yellowing, colour and mould stains

Application and dosage

- For automatic and manual dosing. The recommended dosage depends on the amount of dirt, the water hardness and the load.

5 - 15 ml / kg
(Dry laundry)

- Bleach laundry: For automatic and manual dosing. The recommended dosage depends on the amount of dirt, the water hardness and the load.

Note

- Please observe the washing and care instructions of the textiles.
- Chlorine-containing special product exclusively for application in the washing machine. For decolourizing and bleaching stains and mildew stains from white linen (cotton) and bleachable textiles. The suitability of the textiles must be checked in advance (note, among other things, the laundry symbol for bleachable textiles).
- Changes or variations in colour of the product do not impact on the quality. The product image may differ in colour and shape from the original.
- **Safety:** Hazard statements and safety precautions can be found in the relevant safety data sheet, which is available at www.buzil.com.
- **Storage:** Always keep containers closed. Store at room temperature in the original container. Consume opened containers within 9 months.
- **Environmental:** Feed residual emptied containers to the dual system. For detailed information see environmental information.
